The final mandatory steps you need to take are:

Third-party content declaration, Disclosure of Interest, and Sign Contract.

In each step, please make your selection carefully. In the "**Third-party content declaration**," you can upload any necessary permission documents by clicking the "Show files" button.

STEP 4: DECLARATIONS

Third-party content declaration

Third-party content is defined as any material within the manuscript which is not your original work.

Third-party content may consist of text passages, figures, photos, poems, song lyrics, screenshots, etc. and be found in many places such as, but not limited to, the Internet, print and online books and articles, theses, annual reports, conference material, photocopies, course packages, and translations.

In particular, you should pay close attention to sensitive images containing identifiable persons, logos, brands/trademarks, images from agencies, or from the Internet as well as text content such as song lyrics, poems, interviews, social media content and references to commercial entities.

Please refer to the [Springer Nature Guide to Copyright and Permissions](#) for further guidance.

You are responsible for clearing the rights for third-party content under your publishing agreement. Please confirm if your manuscript contains any third-party content.
(If you are not the author, you confirm that you are authorised to act on their behalf).

☒ All of the material is the original work of the authors, editors, contributors and no further permissions are required.

☐ The material contains third-party content. The necessary permissions have been obtained and are available on request by the Publisher.

You can upload any permissions here:
